SUMMARY

Frontend Engineer with professional experience building high-performance, responsive web applications using React, JavaScript. Specialized in optimizing application speed, creating modular component architectures, and engineering pixel-perfect user interfaces from design systems.

WORK EXPERIENCE

Frontend Developer — Amura Jan 2026 - Apr 2026

- A digital marketing agency delivering full-stack technology and growth solutions.*
- Developed high-fidelity user interfaces across **WordPress**, **Shopify**, and **CodeIgniter (PHP)** platforms, ensuring 100% cross-browser rendering accuracy from Figma designs.
 - Engineered fluid, responsive layouts for diverse mobile, tablet, and desktop breakpoints, reducing post-launch UI bug layout tickets by **15%**.

Software Development Intern — ZeroMOQ Sept 2025 - Jan 2026

- A web platform for converting 3D models into real world products.*
- Managed website hosting infrastructure on **VapourHost** platform, maintaining an established **95% uptime** target across production environments.
 - Engineered a custom **caching mechanism** to securely retrieve 3D models, solving high-latency data retrieval issues and improving application response time by **30%**.
 - Established a robust testing culture by implementing comprehensive **Unit** and **End-to-End (E2E)** tests, minimizing regression bugs and ensuring reliability for critical workflows.

PROJECTS

Emprog — Media Tracking Application [Live Application](#) | [GitHub Repository](#)
React.JS, Firebase, TailwindCSS, Zustand

- Designed and deployed an installable Progressive Web Application (PWA) using **TailwindCSS**, reducing total initial asset payload sizes for cross-platform devices.
- Integrated **Zustand** state management and **Firebase**, eliminating unnecessary component rerenders and lowering client-to-database state synchronization lag.
- Optimized frontend asset delivery pipelines and core component lifecycles, achieving an average **95+** performance rating on Google Lighthouse auditing metrics.

EDUCATION

2024 DAC (Web Development) at **Sunbeam Institute of Information Technology, Pune**
2020 – 2023 B.Tech (Civil Engineering) at **MIT College of Engineering, Chh. Sambhajinagar**
2018 – 2020 Diploma (Civil Engineering) at **MIT College of Polytechnic, Chh. Sambhajinagar**

TECHNICAL SKILLS

Frontend React.js, Tailwind CSS, Redux Toolkit
Backend & APIs Node.js, Django, RESTful APIs, MySQL, Firebase, MongoDB
DevOps & Tools Git, GitHub, AWS S3, VapourHost
